WHAT TO KNOW IF YOU ARE UNDOCUMENTED

UNDOCUMENTED AND MARIJUANA USE

- Marijuana is still illegal under federal law as a Schedule I drug, so this can affect immigration status.
- Carrying marijuana across state lines can raise legal problems under both federal and state law. 
- Recommendations to undocumented residents or non-citizens:
 - Do not buy or use marijuana.
 - Do not work in marijuana shops or dispensaries.
 - Do not carry marijuana or any drug-related items such as paraphernalia.
 - Get legal advice from an attorney if you are thinking of using marijuana for medical reasons.
